COREWEST
SECURED. MANAGED. TRUSTED.

FOR EVERYONE WHO PAYS INVOICES

Call back before you change bank details.

Fake invoices and "our account has changed" emails look real. One phone call stops most of them.

1 **Bank details changed? Stop.**
Never pay to new bank details from an email, text or PDF alone. Not even from the boss.

2 **Call the number you already have.**
From your records or the supplier's official website. Never the number in the email.

3 **Two people approve the change.**
One person checks, a second person approves. Every time.

4 **Urgent or "keep this quiet"? Slow down.**
Pressure and secrecy are the usual signs of a scam.

5 **Write down the call.**
Who you spoke to, the number you called, the date and time.

Our known numbers for call-backs

Supplier / client _____ Phone _____

Supplier / client _____ Phone _____

Our bank's fraud line _____

Based on advice from the Australian Signals Directorate (cyber.gov.au) and Scamwatch (scamwatch.gov.au). Paid a fake invoice? Call your bank now, then report at cyber.gov.au/report or call 1300 CYBER1.
